## FRESH from FARM.

「Fresh from Farm.」 produced by Aoyama Farmer's Market

一本の糸が、重なりあい、服が出来るように、一つの野菜が、重なりあい、食事が完成されます。一本の糸が変われば、その服は容姿を変え、佇まいを変化させます。それは、食事と同様。一つの野菜が変われば、当然のように、その食事は変化し、その時間はよりあなたを満足させます。食事を司る野菜。その野菜を育てる農家さん。その野菜が生きる畑。僕らはその食の原点を、今だからこそ大切にしたいと考えます。本来、僕らの食事は畑があり、農家さんがいてこそ、成立するはず。畑を感じ、農家さんの見える食事を、この東京に。Fresh from Farm.

A first dish will be serviced with a combination of various kinds of vegetables as if making cloth from tons of threads. When ingredients change the dish significantly transform its tastes & looks and change your time into the precious. High quality foods are made from high quality ingredients. The farmers are essential factors to produce those high quality ingredients. It is very important for us to save the Tokyo while we are seeing those farmers face through the vegetables. What brings you a value of life is fresh ingredients from Farms.
